Michigan State University

College of Osteopathic Medicine

1978
A WELCOME FROM THE DEAN

It is with a great deal of pride and pleasure that we welcome you as new members of the community of the MSU College of Osteopathic Medicine.

With more than a third holding advanced degrees, your class has the highest percentage of students with masters and doctoral degrees in the College's history.

Yours is also one of the two largest classes to enter the College since its inception in 1969, and the second to begin our program during summer term.

We at the MSU College of Osteopathic Medicine are proud of the mark we are making in osteopathic medical education, in service, and in research. We have benefitted greatly from our relationship with a major university, but are indebted also to the dedication of faculty, staff, and students and the support of Michigan's osteopathic profession for our success.

This is a dynamic community, with high expectations for its members. We look forward to your participation with us.

Sincerely,

Myron S. Magen, D.O.
Dean

1978 ENTERING CLASS OF 110 STUDENTS
ENROLLS AT MSU-COM JUNE 19

One hundred and ten students -- 47 women and 63 men -- will enroll June 19 as the 1978 entering class at the Michigan State University College of Osteopathic Medicine.

First-term courses for the class, whose summer starting date is one of the earliest of the nation's medical schools, include gross anatomy, biochemistry, medical histology, biological and historical foundations of osteopathic medicine, and comprehensive patient evaluation.

The new medical students will spend approximately 30 hours a week in classroom and laboratory, and another 30 to 40 hours weekly in independent study.

The class has amassed a total of 145 degrees, including 32 masters and five doctorates, in their premedical work. More than 80% of the students did their undergraduate work at 21 Michigan colleges and universities, with 34 having attended MSU. Though the majority of the degrees were in the sciences, other majors included education, speech pathology, humanities, languages, and political science.

Out-of-state institutions represented include the University of California, Pennsylvania State, Bennington, Union, Vassar and Providence.

Twenty-seven percent of the class is of ethnic minority origin.

The class will be honored at the College's eighth annual convocation in the fall. Presentation of the Walter F. Patenge Medals of Public Service, established in 1971 by the Michigan Osteopathic Medicine Advisory Board to recognize men and women excelling in health care, education and public service, will highlight the program.

Past Patenge award winners have included Theodore Cooper, former assistant secretary for Health, Department of Health, Education and Welfare; Caspar W. Weinberger, former secretary of HHS; Leonard Woodcock, U.S. envoy to China, and Florida Congressman Paul G. Rogers.

***

MSU-COM FIRST PUBLIC OSTEOPATHIC COLLEGE

The Michigan State University College of Osteopathic Medicine was the first university-affiliated and state-supported school of its kind, established by public act of the Michigan legislature in 1969.

It had originally been chartered privately in Pontiac by the Michigan Association of Osteopathic Physicians and Surgeons, who since 1959 had been seeking to eliminate the critical shortage of health care professionals in the state.

After legislative action, the College was transferred to MSU's East Lansing campus as a state-supported institution and enrolled its first class in 1971.

***
MICHIGAN PROVIDES HEALTHY ENVIRONMENT
FOR OSTEOPATHIC PROFESSION

The state of Michigan has provided a healthy environment for the growth and development of the osteopathic profession.

More osteopathic physicians -- nearly 3,000 at last census -- are licensed in Michigan than in any other state in the union, and comprise more than 18% of Michigan's physicians.

These physicians have been notable not only for their quantity but for the quality of their commitment. Recognizing the state's need for family physicians, especially in rural areas, they began through personal contributions the forerunner of MSU-COM -- the Michigan College of Osteopathic Medicine in Pontiac. They have continued to support osteopathic education through their gifts to the Michigan Osteopathic College Foundation, which provides funds for continuing medical education programs, scholarship and loans for osteopathic students, research, the dean's fund and other programs at MSU-COM, and other unrestricted grant programs.

After the move of the College of Osteopathic Medicine from Pontiac to East Lansing, the facilities were retained as the Michigan Center for Continuing Education in Osteopathic Medicine, a unique institution. The Center supports a myriad of programs for osteopathic physicians and other health professions, provides library and laboratory facilities for self-study, offers meeting rooms to members of the profession, and sponsors exhibits and other media for osteopathic education.

During the last year, the 54 programs at the Center have ranged from the presentation of scientific papers and clinical programs to legal accountability in the practice of medicine. More than 3,600 physicians attended continuing medical education programs at Pontiac during 1976-77, receiving a total of more than 33,000 CME credits.

There are 31 osteopathic hospitals in Michigan, providing more than 5,000 beds and a wide variety of treatment modalities and outpatient services.

The Michigan Association of Osteopathic Physicians and Surgeons, associated with the American Osteopathic Association, includes 20 component societies across the state.

***

MICHIGAN STATE UNIVERSITY IS WORLD'S ONLY INSTITUTION AWARDING D.O., M.D., AND D.V.M. DEGREES

Michigan State University College of Osteopathic Medicine is unique in that it jointly administers its basic science departments with two other schools of medicine on the campus -- the College of Veterinary Medicine, which was established in 1910, and the allopathic College of Human Medicine, established in 1966 and so named in deference to its veterinary predecessor.

Departments jointly administered with the College of Osteopathic Medicine include Anatomy, Anthropology, Biochemistry, Biophysics, Community Health Science, Microbiology and Public Health, Pathology, Pharmacology and Toxicology, Physiology, Psychiatry, Psychology, Radiology, Sociology, Zoology, the Office of Medical Education Research and Development, and the School of Medical Technology.
MSU COLLEGE OF OSTEOPATHIC MEDICINE
A NATIONAL CATALYST IN OSTEOPATHIC EDUCATION

Michigan State University's College of Osteopathic Medicine -- founded in 1969 as the first new osteopathic educational institution in the United States in more than 50 years -- has been instrumental in the establishment of younger osteopathic colleges and influential in their programs for medical education.

With the last four years, top administrators for three of nation's new colleges of osteopathic medicine have come from the MSU College: Dr. John Barson, president at the Oklahoma College of Osteopathic Medicine and Surgery; Dr. Ralph Willard, dean of the Texas College of Osteopathic Medicine, and Dr. Gerald Faverman, former acting dean of the Ohio College of Osteopathic Medicine. In addition, Dr. Fred Tinning, assistant dean for planning at MSU-COM, served as acting dean during the start-up of the College of Osteopathic Medicine at the New Jersey College of Medicine and Dentistry.

Colleges established before MSU-COM include the Kirksville College of Osteopathic Medicine (1892), the Philadelphia College of Osteopathic Medicine (1898), the College of Osteopathic Medicine and Surgery at Des Moines (1899), the Chicago College of Osteopathic Medicine (1900), and the Kansas City College of Osteopathic Medicine (1916).

Osteopathic educational institutions founded after MSU-COM include the Texas College of Osteopathic Medicine (1970), the Oklahoma College of Osteopathic Medicine and Surgery (1972), the West Virginia School of Osteopathic Medicine (1972), and the Ohio College of Osteopathic Medicine (1976).

The New York College of Osteopathic Medicine, New York Institute of Technology, and the College of Medicine and Dentistry of New Jersey - New Jersey School of Osteopathic Medicine opened their doors to students last fall. Two other schools -- one in New England and one in California -- have received pre-accreditation status from the American Osteopathic Association.

***

THERE'S MORE TO SEE ON FEE TV

Television is playing an increasingly important role in medical education at MSU, providing a library of valuable material.

In the classroom, instructors may use closed circuit television to allow students a simultaneous full-screen view of a single specimen under the microscope or to provide examples of surgical techniques, disease symptoms or treatment procedures. Television is also used extensively for self-study, through review of videotaped lectures, special programming through the Network for Continuing Medical Education, or a library of medical programs.

Fee Hall facilities include 60 equipped receivers, a production facility recently renovated to handle color production, a videotape library, self-study carrels and simulation media.

A unique instructional system is the Medicon, which contains tv cameras, videotaping facilities, microscopes, overhead projection, and x-ray viewing in a large portable unit.

***
OFF-CAMPUS CLINICAL TRAINING FOCUS
FOR SECOND- AND THIRD-YEAR STUDENTS

Much of the clinical training of students in the College of Osteopathic Medicine is made possible through clinics, ambulatory care centers, and community hospitals affiliated with the College.

Clinical experiences are offered to second-year students in modules at the MSU Clinical Center, in affiliated hospitals, in physician-preceptor offices, and at the Family Medicine Clinic at Ingham Medical Center in Lansing.

Third-year students take four quarters of clinical clerkships, including ambulatory and inpatient care, in community hospitals and health care agencies formally affiliated with the College, and in physicians' offices as part of the Junior Partnership Program.

Affiliated hospitals include Art Centre Hospital, Detroit; Bi-County Community Hospital, Warren; Botsford General Hospital, Farmington; Carson City Hospital (Osteopathic); Detroit Osteopathic Hospital; Flint Osteopathic Hospital; Garden City Osteopathic Hospital; Grand Rapids Osteopathic Hospital; Jackson Osteopathic Hospital; Lakeview General Hospital, Battle Creek; Lansing General Hospital; Martin Place Hospitals, Madison Heights; Mt. Clemens General Hospital; Pontiac Osteopathic Hospital; Rehabilitation Center, Inc., Southfield; Riverside Osteopathic Hospital, Trenton; Saginaw Osteopathic Hospital; Zeiger Osteopathic Hospital, Detroit.

***

COM PRECEPTORS PROVIDE PROFESSIONAL EXAMPLE FOR STUDENTS.

One afternoon a week, first- and second-year students from the College of Osteopathic Medicine leave their classrooms to observe practicing osteopathic physicians at work. The students are each assigned to either one of the COM preceptors or to one of the ambulatory care clinics supervised by faculty of the Department of Family Medicine.

The students observe the physicians in settings that vary from inner-city clinics to suburban practices in communities as widespread as Grand Rapids, Flint, Detroit, Howell, Brighton, Lansing, St. Joseph, Lapeer, Mt. Clemens and Pontiac.

The preceptors provide examples of sanctioned behavior as professional physicians, acting as role models in such situations as patient interaction, interviewing, diagnosis and treatment, staff relations, office administration and business methods, and handling of scheduling and prescriptions.

Prior to their first rotation, students complete an introductory course concerning preceptorships. Students as well as preceptors are notified in advance of objectives to be achieved in each preceptorship. A midterm follow up Preceptorship Seminar is scheduled each term for the purpose of assessment, identification of problems/concerns and facilitation of remediation.

Margo Kurtz, Ph.D., is coordinator of the program.

***
STRONG RESEARCH EMPHASIS AT
MSU COLLEGE OF OSTEOPATHIC MEDICINE

Because it is part of a major university, MSU's College of Osteopathic Medicine has had an opportunity unique among the nation's osteopathic schools to make a strong commitment to research. The College's research effort, which is not limited to "osteopathic" topics, extends to all of the basic and clinical departments and to several interdepartmental programs.

Research in the basic science departments (such as anatomy, biochemistry, microbiology, physiology, etc.) is supported by millions of dollars in funding from private and public agencies. These departments, which are jointly administered by other colleges as well, are well established and account for most of the College's research effort.

The Department of Biomechanics is committed to investigations on the relationships between body structure and function and on concepts necessary to the understanding of the biological bases of manipulative therapy.

The Carcinogenesis Laboratory of the College is exploring the cancer-causing effects of chemical and environmental agents on DNA and mutation rates. This interdisciplinary research is funded by major grants from the National Cancer Institute, American Cancer Society and Department of Energy.

Another example of interdisciplinary research occurs in the Neurobiology Program, which spans a number of departments and colleges.

Pilot studies by College researchers are funded by seed monies from the College and NIH. Grants awarded since 1975 have increased ten-fold in new externally funded grants. A continuation NIH grant of about $30,000 will be distributed in the fall.

MSU-COM FACULTY DEVELOPMENT PROGRAMS
ASSIST PHYSICIAN-TEACHERS

Assisting faculty to make the transition from medical practitioners to teachers and the development of new faculty for the osteopathic profession are goals of the faculty development programs at the College of Osteopathic Medicine.

Under the direction of Celia B. Guro, Ph.D., assistant to the dean, these programs include:

--The Faculty Development Grant, under the direction of Norman Bell, Ph.D. This program, under three-year support from the Department of Health, Education and Welfare with additional support from the College, is directed to solve practical problems facing physicians in the classroom.

--Programs of the Office of Medical Education Research and Development (OMERAD), under the direction of Arthur S. Elstein, Ph.D.

--Programs under the Office of Educational Resources, under the direction of Allen W. Jacobs, Ph.D.

--Additional programs for new faculty development, including those for D.O.s seeking higher degrees, those with higher degrees seeking the D.O. degree, and those in a joint Ph.D./D.O. degree program.

} ***
CLINICAL SIMULATION LABORATORY HELPS STUDENTS DEVELOP CLINICAL SKILLS

The Clinical Simulation Laboratory, located in the basement of Fee Hall, is used by medical and nursing students as a learning facility to reinforce early clinical experience in problem solving and training in clinical procedures.

The 3,000-square-foot laboratory is staffed and administered by the College of Osteopathic Medicine. Earlier support was provided by MSU's College of Human Medicine, School of Nursing, and Office of Medical Education Research and Development.

Laboratory director is Holly Holdman, M.A., who is a member of the MSU-COM educational resources staff and also directs the simulated patient program.

The outer laboratory is open from 9 a.m. to 5 p.m. weekdays, and the clinical area is open for scheduled learning experiences.

For students in osteopathic and allopathic medicine, the laboratory has been instrumental in supporting course work on pelvic and breast examinations. Facilities have also been used by students in two nursing programs.

Many of the medical simulations in the laboratory enable practice for perfecting injection skills, cardiopulmonary resuscitation and physical examination procedures.

Facilities include a simulator which broadcasts normal and abnormal heart sounds; head models, which, with slides inserted behind the eyes, show vision disorders and symptoms of other diseases; a simulated physician's office with three examination rooms; and other models.

Simulated patients - trained to act out any or all aspects of actual illnesses - often are presented in a supervised setting to test skills of students with more advanced clinical training.

QUIET STUDY AREA INCLUDES CARRELS, JOURNALS, MICROFICHE

A quiet study area (E-4) is located for health professions students next to the Fee snack shop.

The area includes carrels equipped with slide projectors and tape recorders, microfiche readers, and a technicolor projector. Thirty to forty medical journals are available for student and faculty use.

Summer hours for the study area are:

1977-78: A COLLEGE OF OSTEOPATHIC MEDICINE YEAR IN REVIEW

June '77

Eighty-three graduating medical students (24 women, 59 men) are deemed eligible to participate in the 1977 hooding ceremonies, symbolic conclusion to medical school studies and the obtaining of the D.O. degree.

The medical college's largest entering class -- 110 first-year students -- begin classes. Members of the class of 1980 hold a total of 132 degrees, including 24 masters and five doctorates. Out-of-state universities represented include Cornell, Stanford, University of California, and University of Illinois.

Appointment of Walter C. Mill, D.O., as chairman of the Department of Osteopathic Medicine is announced by Communique.

July

Announcement is made of two other new chairmen of OOM departments. Lynn F. Brumm, D.O., becomes chairman of the Department of Family Medicine. Robert W. Little, Ph.D., heads the Department of Biomechanics.

August

Fee Follies makes debut. New York theatre critics unimpressed. All others offer accolades.

Third-year students honor 25 faculty and staff for "their distinctive contributions to the advancement of medical knowledge, academic excellence, personal growth and generous services."

September

Special interment services are held at MSU Life Sciences Garden at East Lawn Memory Gardens for those individuals who have contributed their bodies to medical science. In charge of services is the MSU Department of Anatomy.

October

In the first coordinated effort to objectively research the issues surrounding manipulative therapy, an international conference "Neurobiologic Mechanisms in Manipulative Therapy" is held at Michigan State University. Sponsor is the College of Osteopathic Medicine with funding via a $39,000 grant from the National Institute of Neurological and Communicative Disorders and Stroke. Chairman is Irvin M. Korr, Ph.D., professor of biomechanics.
November

W. K. Kellogg Foundation President Russell G. Mawby addressed annual COM Convocation. Walter F. Patenget Medals of Public Service are awarded to Dr. Mawby, former MSU trustee Warren M. Huff, Allen Zieger, D.O., executive director of Botsford General Hospital and Zieger Osteopathic Hospital, and M. S. Klein, chairman of Michigan Hospital Finance Authority.

Dr. Edgar L. Harden, former president of Northern Michigan University and current president of Story, Inc., Lansing, is named acting president of Michigan State University, an interim appointment following the resignation of Clifton R. Wharton, Jr. to become head of the State University of New York.

January '78

Philipp Gerhardt, Ph.D., associate dean for research, announces 18 recipients of funds in the College of Osteopathic Medicine's General Research Support Grant Program. Funding for the grants and awards comes from the NIH Biomedical Research Support Grant, College of Osteopathic Medicine general funds, and the Michigan Osteopathic College Foundation Biomedical Research Fund.

Upjohn Company pledges $15,000 over the next three years to the Michigan Osteopathic College Foundation Student Loan Fund.

Michigan State University receives a gift of land appraised at $600,000 from Leone and Walter F. Patenget, with the recommendation that the proceeds from its sale be used to establish the first endowed chair in the MSU College of Osteopathic Medicine.

February

Michigan's premiere of "The Other Doctor" -- American Osteopathic Association motion picture filmed at MSU's College of Osteopathic Medicine -- is held at Conrad Hall. Foreign film critics stampede ceremonies. New York theatre critics unimpressed. All others offer accolades.

Paul T. Magee, Ph.D., of Yale University is named chairman of the Department of Microbiology and Public Health at MSU.

First Annual Scholarship Cross Country Ski and Backgammon Tournament is held at Forest Akers Golf Course.

Margaret Z. Jones, M.D., professor of pathology, is one of nine senior faculty to receive MSU's highest awards for teaching, research and public service.

March

Announcement is made of new program to upgrade expertise of health professionals in corrections institutions in 10 states to be provided by MSU College of Osteopathic Medicine and College of Human Medicine with support of a $242,293 contract with the Michigan Department of Corrections. Funding originating with the U.S. Law Enforcement Assistance Administration.

(Continued)
March Continuation

Sidney Katz, M.D., is named chairman of the new Department of Community Health Science.

April

A shift from present three-year to a proposed four-year curriculum that includes three terms for electives and/or vacation time was approved by College of Osteopathic Medicine faculty. Implementation is contingent upon approval of the provost, Natural Science Subcommittee of the University Committee on Curriculum, the full UCC, and the Academic Council.

Stephen T. Kitai, Ph.D., professor of anatomy at the Wayne State University School of Medicine, is named chairman of MSU's Department of Anatomy.

Harvard University Press publishes Medical Problem Solving -- An Analysis of Clinical Reasoning by Arthur S. Elstein, Ph.D., director of the Office of Medical Education Research and Development, Lee S. Shulman, Ph.D., codirector of the Institute of Research on Teaching and OMERAD professor, and Sarah A. Sprafka, Ph.D., assistant professor in OMERAD.

Student Osteopathic Medical Association's MSU chapter sponsors Human Sexuality Program to nearly 200 participants. Sessions are presented by Mario Petrini, M.D. associate clinical professor of osteopathic medicine at MSU and associate professor of ob/gyn and psychiatry at Wayne State University School of Medicine, and Sandra Nohre, consultant at University of Minnesota Medical School.

May

AOA President Philip Adler, D.O., addresses first and second-year students in a joint Dean's Conference, describing internship availability and accreditation procedures.

Dean Myron S. Magen returns from three-week visit to health care facilities and medical education programs in Africa.

College of Osteopathic Medicine hosts national symposium on environmental carcinogenesis. Chairpersons are Veronica M. Maher, Ph.D., and J. Justin McCormick, codirectors of COM's Carcinogenesis Laboratory, and Jay I. Goodman, Ph.D., associate professor of pharmacology.

***
C.O.M. Administrative Officers

MYRON S. MAGEN, D.O., dean: overall administrative responsibility for the College.

CELIA B. GURO, Ph.D., assistant to the dean: handling of administrative matters, heading faculty development programs, representing the dean on various committees of the College, and responsibility for College-wide functions such as self-study and retreats.

PHILIPP GERHARDT, Ph.D., associate dean for research: development of research in the College and for the profession, attainment of external grant support, and establishment of laboratory research capabilities.

PHILIP E. GREENMAN, D.O., assistant dean for academic affairs; administrative management of the total academic program, including administration of the curriculum as defined by the Curriculum Committee and as implemented by the academic units to which instruction is assigned; responsibility for all-College (OST) interdisciplinary courses; liaison for decentralized clinical faculty and the campus-based College programs, including supervision of affiliation agreements with community hospitals.

ROBERT R. FEDORE, Ph.D., assistant dean for student affairs: administration of all student support services tangential to the academic program of the College, including admissions, enrollment and registration, student records, promotion and retention; certification for graduation, licensure and staff privileges; academic advisement, counseling, and exceptional academic support services.

JAMES P. HOWARD, M.P.H., assistant dean for community affairs: maintenance of liaison with community organizations and agencies that relate or impinge upon medical education.

ALLEN W. JACOBS, Ph.D., assistant dean for educational resources: supervises academic support for faculty, students and the Curriculum Committee, including audiovisual service, instructional development, scheduling, student evaluation and program evaluation.
MONDAY, JUNE 19, 1978

(All activities are held in E106 Fee Hall unless otherwise noted.)

8 a.m. Student check-in, including distribution of schedule books and name tags.

9 a.m. Welcome and introduction of staff by Myron S. Magen, D.O., dean.

"The Program in Osteopathic Medicine at Michigan State" by Philip E. Greenman, D.O., associate dean for academic affairs.

9:30 a.m. "The Curriculum for the Class of 1981" by Allen W. Jacobs, Ph.D., assistant dean for educational resources.

"Introduction to Term I"
---ANT 560: Lawrence Ross, M.D.
---ANT 565: Allen W. Jacobs, Ph.D.
---BCH 501: William W. Wells, Ph.D.
---OST 500: Philip E. Greenman, D.O.
---OST 530: Lon Hoover, D.O.

10:30 a.m. Break

10:45 a.m. "Support Services in the College of Osteopathic Medicine" and "Promotion and Retention Policy" by Robert R. Fedore, Ph.D., assistant dean for student affairs.

11:15 a.m. "Student Government" by members of the College of Osteopathic Medicine Executive Student Council.

11:45 a.m. Break

1 p.m. "Libraries -- Clinical Center and Conrad" by Janet Parsch, librarian.

1:15 p.m. "Educational Services" by Bruce Miles, Ph.D., Office of Educational Resources

1:30 p.m. Student pictures (C-11 Fee Hall).
TUESDAY, JUNE 20, 1978

8:30 a.m.  Student/academic adviser conferences in individual faculty offices.

10:15 a.m. "Briefing on Financial Aid" by Henry Dykema, director of financial aids, MSU. E106 Fee Hall.

11 a.m.  "Enrollment Procedures" by Mary Anderson, administrative assistant, Office of Student Affairs. E106 Fee Hall.

12 p.m.  Break

1 p.m.  Registration. Men's Intramural Building. Until 4 p.m.

WEDNESDAY, JUNE 21, 1978

8 a.m.  Summer term classes begin.
DONALD E. McBRIEDE, D.O., assistant dean for graduate and continuing medical education: planning and implementation of graduate and continuing medical education programs of the College, including development of campus-based residency programs.

FRED T. TINNING, Ph.D., assistant dean for planning: planning for the College's program operation, including space utilization and maintenance, resource development and utilization, budget projection, program analysis, distribution of resources, computer utilization, systems management and college liaison for program planning.

FRANCIS A. BERNIER, Ph.D., director of admissions: provision of information about the College to premedical advisers in colleges and universities, to prospective students, and to practicing physicians; administration of the admission of students into the program.

DON E. COLEMAN, Ph.D., director of minority support program: recruitment, counseling and retention of minority students in the College of Osteopathic Medicine.

ANNETTE KABARA, fiscal officer: planning and supervision of fiscal management and budget projections and minoriting, review of staff and equipment requirements, and preparation of financial statements.

ROBERT C. WARD, D.O., director of special projects: program planning and design, including the ambulatory care program for the Clinical Center; writing grants and designing College-wide programs for clinical training.

GORDON SPINK, D.O., Ph.D., unit three coordinator: coordination of clinical clerkships, liaison with directors of medical education of affiliated hospitals, and liaison to Unit III students.
STUDENT OSTEOPATHIC MEDICAL ASSOCIATION

A new chapter of the Student Osteopathic Medical Association, a national service organization of osteopathic medical students, was organized at the MSU College of Osteopathic Medicine in 1977.

On the national level, SOMA represents more than 70% of the osteopathic medical students, and has been involved in activities ranging from testimony before Congress on matters of concern to medical students to changing references to osteopathic medicine in the recent MCAT questionnaire.

Local chapter activities have included a major continuing medical education seminar for osteopathic physicians on human sexuality, hypertension screening, participation in orientation programs, health appraisal examinations and health education lectures in schools.

Officers for 1978-79 include: George Charney, president; Dave Neff, representative to the national board of directors; Ron Kienitz, vice president; Matt Weitz, secretary; and Christina Torres, treasurer.

SIGMA SIGMA PHI

Sigma Sigma Phi, a national osteopathic fraternity, began its Iota chapter at the MSU College of Osteopathic Medicine in the spring of 1977.

A primary goal of the chapter is service through community health programs. Projects have included hypertension screening in MSU dormitories and assistance with tours of the College.

Officers for 1978-79 include Kevin M. O'Connell, president; Jay Cherubim, vice president; Bing Liem, secretary; Cindy Lund, treasurer and Jeff Kyff, editor.

Grand Chapter president Roy J. Harvey, D.O., professor of family medicine, is advisor of the group.

MICHIGAN ASSOCIATION OF OSTEOPATHIC GENERAL PRACTITIONERS

The MSU-COM student chapter of the Michigan Association of Osteopathic General Practitioners (MAOGP) was organized to promote a greater awareness and appreciation of general practice, and is open to all osteopathic students.

The group, through its parent chapter, offers many education opportunities, including continuing medical education seminars and supplementary programs which are suggested and planned by the students.

Officers for 1978 include Pattie Pierce, president; Paul Emrann, vice president; Neil Parkas, secretary; and Dave Daitch, treasurer.
UNDERGRADUATE AMERICAN ACADEMY OF OSTEOPATHY

The Undergraduate American Academy of Osteopathy (UAAO) is an educational service organization which focuses on the manipulative and holistic aspects of osteopathic medicine, providing both didactic and "hands-on" experience.

Recent activities have included weekly seminars, workshops, classroom review and focal problems sessions for students.

President of UAAO is John Shonerd, adviser is Robert C. Ward, D.O., director of special projects and professor in the Office of Medical Education Research and Development.

***

STUDENT ASSOCIATE AUXILIARY

The MSU-COM Student Associate Auxiliary was organized to provide a means for those new to East Lansing, to MSU, and to "medical matrimony" to share experiences and meet common needs.

The club, made up primarily of spouses of students, participates in various service projects, holds educational and informational monthly programs and organizes various social functions.

Activities have included an annual Christmas party, dinner dances, courses in cardiopulmonary resuscitation and donation of educational resources (such as resuscitation models) to the College.

Officers for 1978-79 include Kristine Schultz, president; Kate Larkin, vice president; Pam Sherrill, treasurer; Barbara Galarneau, corresponding secretary; and Jan Donnelly, recording secretary.

***

"ALIMENTARY, MY DEAR WATSON...."

Faculty, students and staff who succumb to cravings from the interior during their tenure at Fee Hall often seek respite in the basement snack shop.

The menu ranges from breakfast dishes such as eggs, bacon, doughnuts, orange juice and coffee to lunch specialties such as giant subs, burgers, soups, fish and chips, salads and daily specials. For inveterate snackers, there is an ample supply of fresh fruit, pastries, chips, yogurt, ice cream and milk shakes.

The shop also offers an in-house catering service for luncheons or snacks, though advance notice is needed.

During summer term the Fee snack shop will be open from 7:30 a.m. to 4 p.m. For information, call 353-1995.
CLINICAL DEPARTMENTS PROVIDE BASIS
FOR MEDICAL SCHOOL EDUCATION AND SERVICE

Three departments are administered solely by the Michigan State University
College of Osteopathic Medicine.

DEPARTMENT OF BIOMECHANICS

The Department of Biomechanics was established as
research entity to perform both basic and applied
clinical studies into the interrelationship of
the body's structure and function. Faculty also
participate in the teaching of palpatory diagnosis
and manipulative technique.

The departmental office is located in A419 Fee
Hall, phone 353-9110. Chairman is Robert E.
Little, Ph.D.

Resident faculty include:

Myron C. Beal, D.O.
Jean B. Burnett, Ph.D.
John P. Goodridge, D.O.
Philip E. Greenman, D.O.
Richard Hallgren, Ph.D.
Robert P. Hubbard, Ph.D.
William L. Johnston, D.O.
Jon J. Kabara, Ph.D.

Eloise Kuntz, Ph.D.
Robert W. Little, Ph.D.
Andrew S. Mackenzie, D.O.
David G. McConnell, Ph.D.
Fred L. Mitchell Jr., D.O.
Ernest Retzlaff, Ph.D.
Herbert M. Reynolds, Ph.D.
Richard Roppel, Ph.D.
John Upledger, D.O.
Ronald Young, Ph.D.

DEPARTMENT OF FAMILY MEDICINE

The Department of Family Medicine is involved
in the teaching and practice of family medicine —
the comprehensive and continuing responsibility
for patients and members of their families,
regardless of age.

The departmental office is located in B201 Fee;
phone 353-4730. Chairman is Lynn F. Brumm, D.O.

Margaret Ajunwa, D.O.
John Bell, D.O.
Lynn F. Brumm, D.O.
Gary Campbell, D.O.
James J. Davis, D.O.
Nicholas Fiel, D.O.
Richard E. Griffin, D.O.
Kent Gustafson, Ph.D.
Roy J. Harvey, D.O.

Lon A. Hoover, D.O.
Shirley M. Johnson, Ph.D.
Margot Kurtz, Ph.D.
John McNeil, D.O.
L. A. Marohn, D.O.
Gordon Spink, D.O., Ph.D.
John Thornburg, D.O., Ph.D.
Donald E. Waite, D.O.

(Continued)
DEPARTMENT OF OSTEOPATHIC MEDICINE

The Department of Osteopathic Medicine is organized to represent all of the major clinical disciplines involved in the practice of osteopathic medicine. Its faculty are involved in the development of classroom, hospital, clinic and specialty programs.

The departmental office is located in B301 Fee; phone 353-8470. Chairman is Walter C. Mill, D.O.

Resident faculty include:

John R. Downs, D.O.
John Gobel, D.O.
Earl Gonyaw, D.O.
Michael James, D.O.
Bernard Kay, D.O.
George Kleiber, D.O.
Kenneth Mahoney, D.O.

Four other clinical departments are administered jointly by the MSU College of Osteopathic Medicine and the MSU College of Human Medicine. These include:

DEPARTMENT OF COMMUNITY HEALTH SCIENCE

The Department of Community Health Science departmental office is located in B415 Fee Hall; phone 353-3200. Chairman is Sidney Katz, M.D.

Resident faculty include:

Cyril A. Akpom, M.P.H., M.D.
Francis A. Bernier, Ph.D.
Mary L. Brady, M.S.S.
Michael H. Branson, Ph.D.
Mark Charles, B.S.
Wanda L. Chenoweth, Ph.D.
Anne C. Cunningham, Ph.D.
James M. Davis, M.P.H., M.D.
Bonnie Eftaxiadis, M.S.W.
Giah Eisenstein, M.P.H.
Robert R. Fedore, Ph.D.
Charles W. Given, Ph.D.
George A. Gross, D.O.
Celia B. Guro, Ph.D.
James P. Howard, M.P.H.
John M. Hunter, Ph.D.
Sidney Katz, M.D.
William J. Klein, M.D.

DEPARTMENT OF PATHOLOGY

The Department of Pathology departmental office is located in A522 E. Fee Hall; phone 355-6504. Chairman is R. W. Leader, D.V.M.

Resident faculty include:

Thomas G. Bell, D.V.M., Ph.D.
Rexford E. Carrow, Ph.D.
Kathryn Colando, M.T., B.S.
Wanderly C. de Mendonca, M.D.
John F. Dunkel, M.D.
Alexander D. Hall, D.V.M.
Thomas W. Jenkins, Ph.D.
Margaret Z. Jones, M.D.
Henry A. Kallett, M.D.
Kenneth K. Keahey, D.V.M., Ph.D.
Janver D. Krehbiel, D.V.M., Ph.D.
Robert F. Langham, D.V.M., Ph.D.
Robert W. Leader, D.V.M.
W. Wesley Leid, Ph.D.

Joan C. Mattson, M.D.
George A. Padgett, D.V.M.
Charles H. Sander, M.D.
Vance L. Sanger, D.V.M., Ph.D.
Shirley Siew, M.D.
Stuart D. Sleight, D.V.M., Ph.D.
Steven Stockham, D.V.M.
Martha T. Thomas, M.T., M.S.
Morrow Thompson, D.V.M.
Allan L. Trapp, D.V.M., Ph.D.
Harvard W. Tvedten, D.V.M., Ph.D.
Glenn L. Waxler, D.V.M., Ph.D.
Charles K. Whitehair, D.V.M., Ph.D.
Christine William, B.V.Sc.

DEPARTMENT OF PSYCHIATRY

Resident faculty include:

William Anderson, M.D.
Joseph Anfield, M.D.
Arnold Berkman, Ph.D.
Claire Fleet Berkman, Ed.D.
Teresa Bernardes, M.D.
Robert Bielski, M.D.
Gaston Blom, M.D.
Daniel Bronstein, S.J.D.
Alfred Ching, M.D.
David P. Donerski, M.D.
Harold Drane, M.S.S.A.
Bonnie Eftaxiadis, M.S.W.
Edward Fallick, D.O.
Griffith Freed, Ph.D.
Alan Friedman, Ph.D.
Robert Garrett, M.D.
Lothar Goldschmidt, M.D.
David Gordon, Ph.D.
Thomas Gunnings, Ph.D.
Mark Hinshaw, M.D.
Norman Kagan, Ph.D.

Henry Krystal, M.D.

DEPARTMENT OF RADIOLOGY

The department of Radiology departmental office is located in B220 Clinical Center; phone 355-0120. Chairman is E. James Potchen, M.D.

Resident faculty include:

James E. Blackwell, M.D.  
James W. Gard, Ph.D.  
Thomas S. Harle, M.D.  
Gale I. Harris, Ph.D.  
Michael Key, Ph.D.

PLETHORA OF ACTIVITIES ON MSU CAMPUS MEET MANY VARIED INTERESTS

There is practically no interest so obscure that a co-afficionado cannot be found on the Michigan State University campus.

From Kiss to Yehudi Menuhin, from Star Trek to Shakespeare, from square dancing to sky diving — the full range of entertainment and activities can be found on the campus.

More than 200 registered student organizations provide outlets for common interest and hobbies among MSU students and families.

Abrams Planetarium

With its panoramic space science theater, Abrams Planetarium is an acknowledged leader in the popularization of astronomy. The building also includes a black light art gallery, an exhibit hall, sales counter, and work areas.

In addition to presentations of an educational nature, programs ranging from astrology to time projections and light shows are provided weekly for the public's entertainment. The exhibit hall is open weekdays from 9 a.m. to noon and 1 p.m. to 4:30 p.m. For information, call 355-4672.

Athletic Activities

Michigan State University men compete in 14 sports in the varsity level, including football, cross country, golf, soccer, basketball, fencing, gymnastics, ice hockey, indoor track, swimming, wrestling, baseball, lacrosse, outdoor track, and tennis. Women's teams in volleyball, swimming, gymnastics, golf, tennis, track, field hockey, basketball, cross country, and softball compete on the intercollegiate level.

In addition MSU provides 24 team and 44 individual intramural sports activities in which every student may participate. There are 32 clubs.

For tickets and schedule information, contact the Athletic Ticket Office, 355-1610.

Athletic Facilities

Athletic facilities on the campus include the following.

--- Spartan Stadium: football games and large outdoor meetings (355-1610).
--- Demonstration Hall: recreational skating and physical education courses (353-7263).
--- Forest Akers Golf Courses: 18-hole championship watered course with practice driving range and greens, and a nine-hole course (355-1635).
--- Men's Intramural Building: courts for paddleball, handball, squash, basketball, badminton, tennis, judo, volleyball; golf driving range, indoor and outdoor swimming pools; individual rooms for archery, table tennis, weightlifting; Sports Arena site for wrestling, gymnastics and fencing (355-5250).
--- Munn Arena: intercollegiate hockey, intramural hockey, physical education hockey classes, skating and figure skating (353-7263).
--- John Kobs Field: baseball diamonds, intramural sports field, golf green.
--- Ralph Young Field: outdoor track.
--Soccer Field: south of stadium.
--Tennis Courts: 40 surfaced courts south of stadium
--Women's Intramural Building: three gymnasiums for basketball, badminton,
volleyball, and tennis; two swimming pools; activity rooms for gymnastics and
dancing (355-4710).

Beal Botanical Gardens

The oldest (since 1873) continuously operated teaching facility of this type in
the nation, the six-acre garden contains more than 5,000 plant species organized
in economic, systematic, landscape and ecological groupings. A self-guiding
labeling system aids garden visitors.

Broadcasting services

WKAR-AM (870) presents news, public affairs, information and discussion and
programs of interest to minorities.

WKAR-FM STEREO (90.5) offers programs of the fine arts, opera, concerts, serious
music, and special programs for the visually and physically handicapped.

WKAR-TV (Channel 23) provides educational, general information and cultural
programming to viewers.

Bulletin Office

More than 500 titles on consumer buying, home, family and resources management,
agricultural production, development and use of natural resources and public
policy decision making are available free or for a nominal charge from the Bulletin
Office, 10 Agriculture Hall, 355-0230.

Canoe Livery

Canoes at the MSU livery are available from 11 a.m. to 11 p.m. during the week,
and from 10 a.m. to 11 p.m. on weekends. Located behind Bessey Hall on Farm Lane,
the livery charged $1.25 an hour for a canoe. For information, call 355-3397.

MSU Dairy Store

With tempting delicacies such as the world's only chocolate cheese, smoked cheddar,
and dagano cheese, the Dairy Store is a much-frequented stop. The 12 different
types of cheese average about $1.65 a pound and are available in 20-pound blocks.
Ice cream is available in chocolate and vanilla at $1.25 for a half gallon, and
eight-ounce yogurt is 35¢. Located in South Anthony Hall on Farm Lane, the Dairy
Store is open from 11 a.m. to 3:30 p.m. Mondays through Fridays and until 5:30 p.m.
on Thursdays. For information, call 353-1663.

Evening College

A program of more than 170 non-credit courses each year are held during the day
and early evening hours for adults. Classes are taught by regular MSU faculty and
guest lecturers. For information, call 355-4562.

Hidden Lake Gardens

This 670-acre landscape arboretum located near Tipton includes more than six miles
of paved roads and five miles of hiking trails to accommodate some 100,000 visitors
annually. The Gardens include a conservatory, tropical dome, arid dome, temperate house and service house in which are displayed one of the finest plant collections in the United States.

Kresge Art Center Gallery

The Gallery houses a permanent collection of works from antiquity to the present and exhibits traveling collections and works of students and faculty. The Center is open to the public from 9 a.m. to 5 p.m. weekdays, Tuesdays 7 to 9 p.m., and Saturday and Sundays 1 to 4 p.m.

Lecture-Concert Series

Each year the series presents more than 65 programs featuring art and foreign films, travel films and some of the world's foremost organizations and figures of the concert hall, stage, and lecture platform. The 1978-79 schedule includes the Alvin Ailey dancers, Juilliard String Quartet, Moscow Philharmonic Orchestra, Les Ballets du Trockadero, soprano Leotyne Price, and many others.

MSU Libraries

The MSU Library contains more than 2,200,000 volumes, receives more than 25,000 current serials, and adds nearly 100,000 volumes to the collection each year. The Science Library in the basement of the main library carries a large number of medical texts and reference books.

In addition, the Conrad Library, located north of West Fee Hall, is open to medical students from noon to 9 p.m., Sunday through Thursday. The Conrad Library offers medical texts and reference books, reserve options, study areas, and other materials.

The medical library at the Clinical Center will be open 9 a.m. to 5 p.m. weekdays.

Medline

A computerized bibliographical retrieval system, the Medline surveys more than 2800 biomedical journals each month. Special cross-referencing allows retrieval of information by parameters such as diseases, age, sex and language. Reference are listed with the newest first, and can cover the last ten years. Charges are $10 for the first 50 references and $1 for each additional 50. For information call Janet Parsch, 353-3037, from 9 a.m. to 5 p.m. weekdays.

MSU Museum

Currently closed to all but faculty and students due to extensive renovation, the MSU Museum has three floors of anthropological, biology, geological and historical displays. An emporium of gifts from many lands is open to the public at the Museum entrance. For information, call 355-2370.

Musical Organizations

Concerts, recitals, opera, and oratorios are presented regularly by students and faculty from the Department of Music with no charge for admission. Instrumental organizations on campus include the University Symphony Orchestra, the Chamber Orchestra, the Wind Ensemble, Symphonic Band, Concert Band, Marching Band, Spartan brass, Jazz Bands, and New Musical Arts Ensemble.
Vocal groups include the Mixed Chorus, State Singers a cappella choir, University Chorale, Men's Glee Club and Women's Glee Club.

The faculty perform in the Beaumont String Quartet, the Richard Woodwind Quintet, and in individual solo presentations.

**MSU Observatory**

The observatory houses a 24-inch reflecting telescope, computer, and related equipment for use by students and faculty in astrophysics. Visual observation through the telescope is available to the public on scheduled "open house" nights. For information, call 353-9489.

**Orifice**

The Orifice, which will resume publication in the fall, is a monthly newspaper produced for and by students in the College of Osteopathic Medicine, College of Human Medicine, College of Veterinary Medicine, School of Nursing and School of Medical Technology.

**State News**

The State News, MSU's student daily, is the largest university newspaper in the United States in terms of general budget, number of pages, amount of news carried, and advertising. With a circulation of approximately 40,000 it reaches from 70 to 90 percent of the University community. Independent of the University administration, it is a corporation operated by a board of directors and a professional full-time newspaper general manager. The State News, a seven-time recipient of the Pacemaker Award for outstanding journalism, is a prime source of information on upcoming campus events.

**Union Building**

The Union Building houses a barber shop, billiard room, bowling lanes, browsing room, grill, cafeteria, meeting and catered food service rooms, the ticket office for nonathletic events, and a U.S. Post Office.

The Union Activities Board plans events such as the Players' Gallery, Campus Wide Video, Showcase Jazz, Concerts, Artists in Residence, Films, Travel, Four Corners Coffeehouse, and other special projects. For information, call 355-3460.

**University Theatre**

Student-sponsored productions under faculty supervision offer excellent entertainment at a modest cost, including Fairchild Theatre productions, musical productions in cooperation with the Department of Music, experimental productions, Children's Theatre, and the Arena Theatre. The Performing Arts Company is a group of professional artists pursuing graduate degrees and who compose the nucleus of MSU resident theatre.

Information on current University events can be obtained from the campus student newspaper State News, the calendar section of the MSU News-Bulletin, or by calling 353-4343 for a recorded highlight of activities.

This special issue of the "Communique" for the 1978 entering class was published by the Health and Medicine Section of the Department of Information Services, A331 E. Fee, 353-0820.
