Accreditation: Commission on Osteopathic College Accreditation

The AOA Commission on Osteopathic College Accreditation (COCA) establishes, maintains, and applies accreditation standards and procedures, and is recognized by the United States Department of Education. It is the responsibility of COCA to ensure that academic quality and continuous quality improvement delivered by the colleges of osteopathic medicine (COMs) reflect the evolving practice of osteopathic medicine.

In 2011, following the completion of a self-study and participating in a variety of interviews, MSUCOM was successfully reaccredited and will not need to engage in the process for 7 years. This accreditation signifies our college has met or exceeded the COCA standards for educational quality with respect to mission, goals, and objectives; governance, administration, and finance; facilities, equipment, and resources, faculty, student admissions, performance, and evaluation; preclinical and clinical curriculum; and research and scholarship activity.
