Library Services

The MSU Libraries has a Health Sciences Digital Library with all of our medical resources located in one place. [http://www.lib.msu.edu/health/](http://www.lib.msu.edu/health/).

In addition, the library has many medical resources linked to on this page [http://www.lib.msu.edu/health/medicine.jsp](http://www.lib.msu.edu/health/medicine.jsp). You can use the A-Z E-Journal List to locate online versions of medical journals. We also have many point of care tools like Dynamed and Essential Evidence Plus located here [Point of Care Resources](http://www.lib.msu.edu/health/medicine.jsp). Our [guide to medical resources](http://www.lib.msu.edu/health/medicine.jsp) is where you can find MDConsult, AccessMedicine, AccessSurgery, Access Emergency Medicine and others.

The libraries also provides faculty services such as [Copyright Permissions](http://www.lib.msu.edu/health/medicine.jsp), [MARS: MSU Article Retrieval Service](http://www.lib.msu.edu/health/medicine.jsp), [Book Delivery](http://www.lib.msu.edu/health/medicine.jsp), [Faculty Authorization (Borrowing Materials)](http://www.lib.msu.edu/health/medicine.jsp).

The librarian that specializes in working with our college is Abraham Wheeler and he may be contacted at 517-884-0893 or awheeler@msu.edu. Abraham can assist with literature searching, resource instruction, as well as finding the most up to date evidence based medical literature.

In addition, each of the three sites also has hard copy library resources for all the courses available in the site’s Learning Resource Center (“LRC”). Dedicated staff operate these centers serving as a resource for students as well as faculty needing assistance or guidance about reference materials.
