

The MSUCOM Student Experience

Recruitment to Matriculation

Preclerkship and Clerkship

Postgraduate Opportunities

November 6, 2015

“The MSUCOM Student Experience: Recruitment to Postgraduate Education!”

“What is Important for You to Know and How May You be able to Assist and Provide Guidance to our Students?”

Welcome *and* Goals

Workshop Goal

- This workshop will provide you with information on what MSUCOM students experience and how the College assists them, from the time they are recruited to the College, through the Preclerkship and Clerkship Curricula, applying for postgraduate education, graduation and residency. At the end of this workshop you will have a better understanding of the entire student experience at MSUCOM and how you may be able to help assist and provide guidance to students during their tenure in the College and beyond.

Sparty wants you to help us
assist and provide guidance to
our students!

The Practice of Medicine

Donald Sefcik, DO, MBA, FACOEP, FACOFP

Practice of Medicine

License

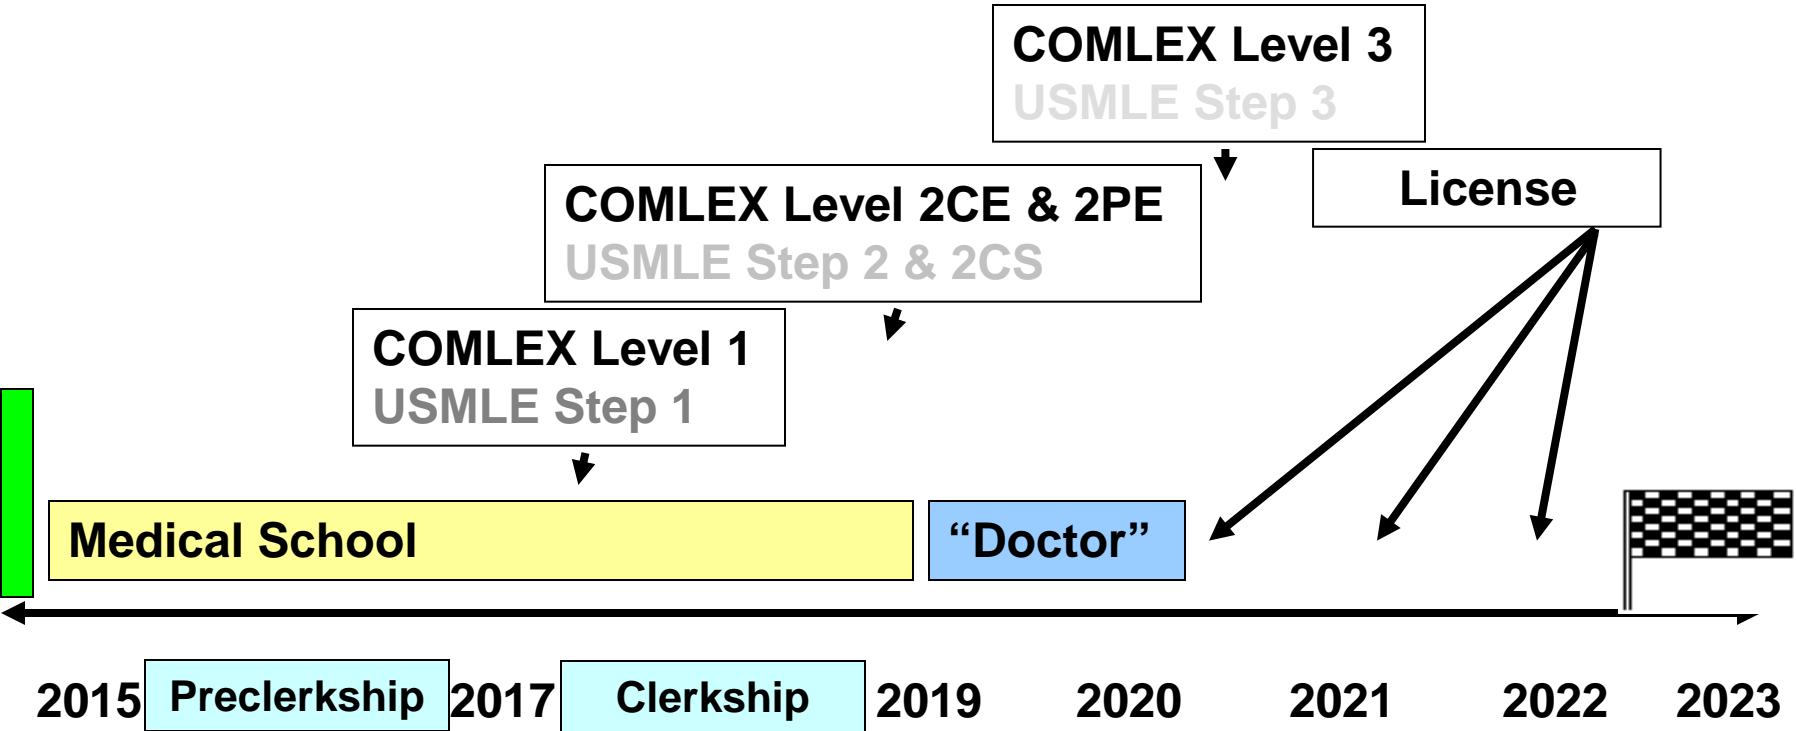

Board
Certification

Getting to *Practice Medicine*

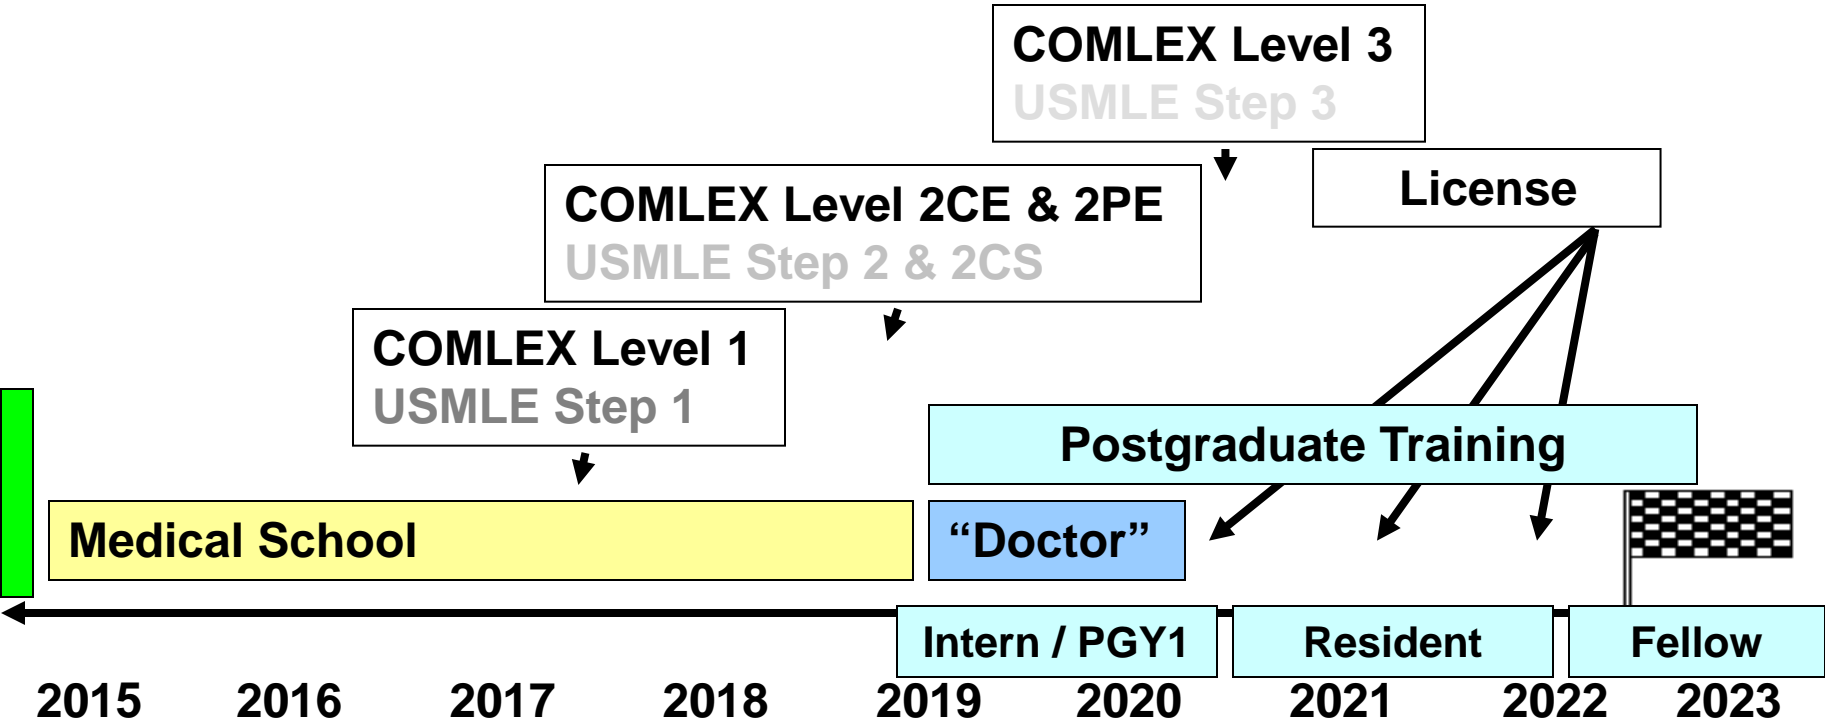

is a four-phase process:

- 1) Medical School (undergraduate; predoc)
- 2) Postgraduate Training: **GME**
- 3) Licensure & Board Certification (BC)
- 4) Maintenance of Licensure and BC

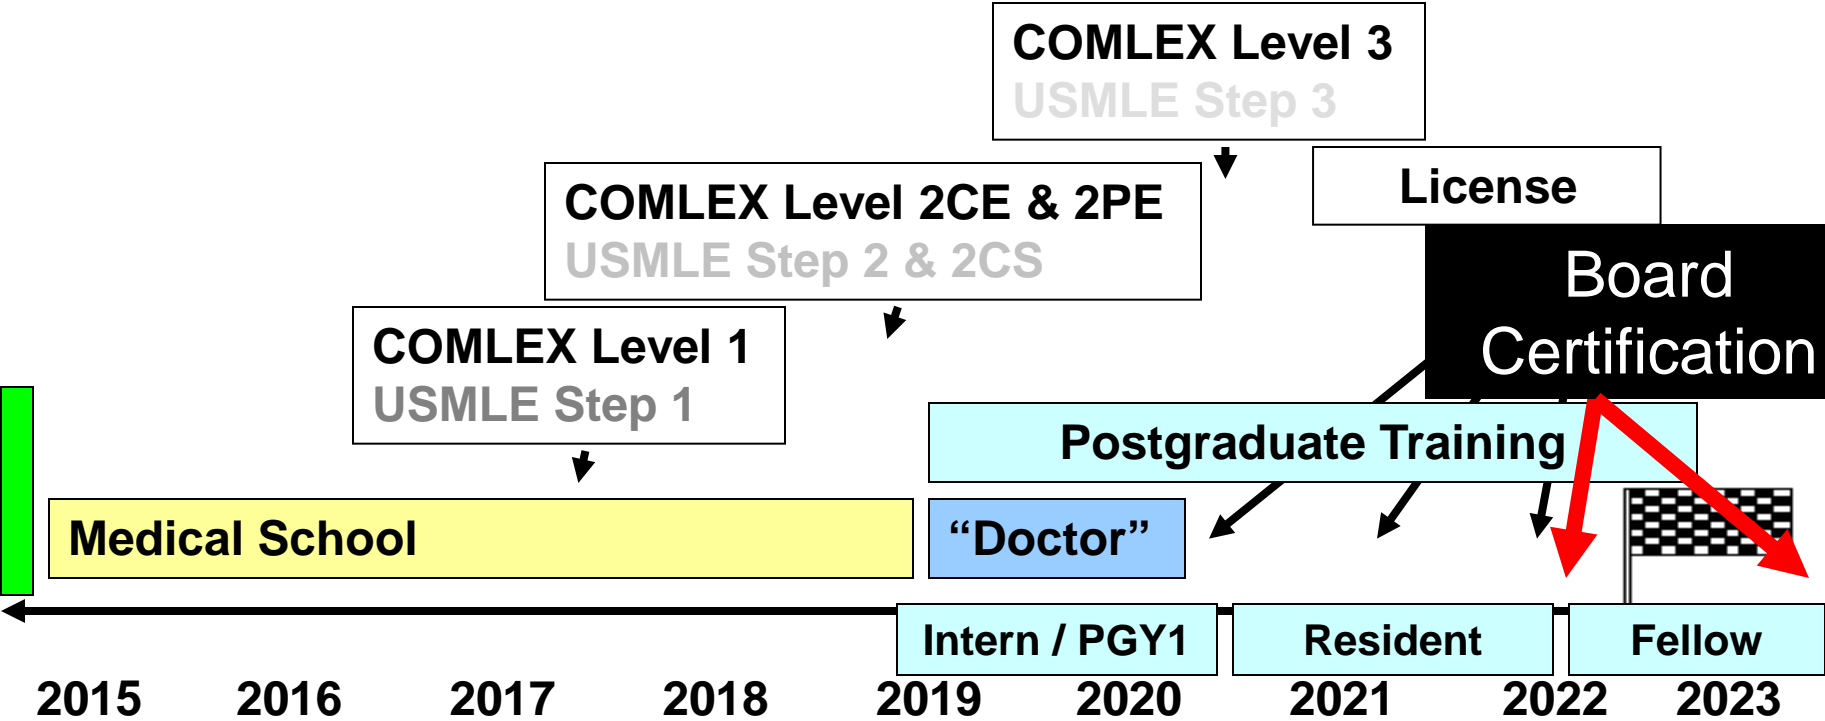

Practicing Medicine

Practicing Medicine

Practicing Medicine

After all of this...

- **Maintenance of Licensure (MOL)**
- **Maintenance of Certification (MOC)**

What's next...?
