A CORNUCOPIA OF PRIMARY CARE:

Come Harvest New Ideas

PROGRAM GOAL:
To provide useful tips for enhanced patient care in your practice.

PROGRAM OBJECTIVES:
The primary care physician upon return to their practices will be able to: 1) discuss the scientific merits and pitfalls of popular diets and identify practical resources for primary care physicians; 2) understand the use of proper codes and modifiers for billing osteopathic manipulative treatment and become familiar with various documentation styles with appropriate billing codes for office and in-patient OMT; 3) know requirements for reporting suspected child abuse and to recognize findings suspicious for child abuse/how to differentiate from non

abusive trauma; 4) identify gynecological issues specific to perimenopausal and post menopausal women along with update on the most recent options for treatment and restore the physicians' confidence regarding the use and efficacy of estrogen therapy; 5) treat five common complaints with osteopathic techniques; 6) advance the understanding of cannabinoids, cannabis and analgesics in difficulty patients through patient screening, assessment and risk management and discuss clinical cannabis issues, the law and the regulatory environment

ACCREDITATION:
This program is approved by the Michigan State University College of Osteopathic Medicine for 6 hours of AOA Category IA credit.

LOCATION: Macomb University Center located at 44575 Garfield Road in Clinton Township, Michigan. Lectures will be held in the Lecture Hall B Theater. Registration, exhibitors and food service will be available in the Assembly Hall of the University Center.

REFUNDS: Prepayment of CME registration fee will be refunded, minus a \$50 administrative fee, upon notice of cancellation in writing by mail or email on or before November 6th. No refunds will be made after this date.
